To manage expectations, I anticipate OSD will want to keep as small a footprint as possible, and this is already a large event. I'd be happy to provide an AAR, but unless a FAP rep is required, I don't think they will be able to send someone for just SA.

Thanks (b) (6)

Based on the majority of the questions, I am comfortable with the Service JAGS attending; however, I can inquire with CNIC FAP and see if they would like to attend for SA.

Just a reminder that when this started, FAPs providers agreed the main role for them would remain on victim care and safety - lifting and formalizing a role that FAP already plays in these incidents involving non-caretakers. Also, FAP will not provide juvenile sex offender treatment but will provide civilian resources and treatment options.

Additionally, OSD FAP has taken the lead on this issue and has even held two Tiger Team meetings in the last 30 days. They plan to update the M&RAs and Service FAP POCs next week to share progress in identifying opportunities for improvement.

Thanks again for sharing!

Subject: FW: DOD Briefing to Sen Murray's Staff Week of 14 May on Juvenile Misconduct on Military Installations

Good morning (b) (6)

I wanted to bring the subject DoD briefing your attention. LCDR (b) (6) is the Navy lead for the OSD-led briefing with Service JAG support, but Army may bring a FAP representative, so I wanted to loop you in.

The genesis of this engagement is the AP article on child-child sexual misconduct on military installations. Sen Murray (D-WA) wrote the attached letter to the Dept, and the briefing will include discussion of her questions.

OSD is pushing for Service JAG support and not FAP. From your expertise, do you think the questions in the attached fall into the FAP lanes and we need to push for a representative either at the prep session, the briefing or both?

The briefing to Sen. Murray's staff is tentatively scheduled for 1400 on Friday on the Hill.

The AP article referenced is:

Thanks so much!

My understanding is this Hill engagement will be in place of a formal letter response back to Sen Murray.

Requesting if your respective TJAG offices could send a representative to accompany reps from the DoD Office of General Counsel (believe DOD GC reps would be Dwight Sullivan and (b) (6)), and reps from the Office of the Under Secretary of Defense for Personnel and Readiness. Briefing will again be to Senator Patty Murray's staff on same matters relating to juvenile misconduct on military installations.

- >
- > The Department has recently received many inquiries from members of Congress relating to matters of juvenile misconduct on military installations, prompted in part by Associated Press articles (e.g., <https://www.military.com/daily-news/2018/03/13/us-military-overlooks-sex-abuse-among-kids-investigation-finds.html>) describing perceived problems with the Department's response to incidents of juvenile misconduct. These inquiries have included specific questions related to the DoD's role in prosecuting juveniles. Attached is a question from Representative John Carter characteristic of those the Department has received, and the Department's coordinated response. As this document reveals, the concerns of Representative Carter, shared by other members of Congress, lie in wanting to understand who prosecutes juveniles for misconduct committed on military installations, how that prosecution is accomplished, and barriers that exist to ensuring that juveniles are appropriately held accountable for their actions, particularly for the commission of serious offenses such as sexual assault. In an effort to better understand these and related issues, some members of Congress have requested briefings by Department staff. In a similar vein, Congress has also asked for views on proposed legislation that would require the Military Services to enter into MOUs with State and local officials at the installation level concerning the prosecution of such offenses.
- >
- > 6. Reps from the DOD OGC and the respective Service Judge Advocates are needed at this briefing, alongside P&R reps given the roles Staff Judge Advocates play a key role at the installation level in interacting with civilian Federal, State, and local officials to coordinate appropriate judicial outcomes for juveniles accused of misconduct.
- >
- > 7. My understanding is a tentative prep session of the briefers is planned for some time next week prior to the actual briefing, so defer to Dave Waldron on further guidance on prep session and actual briefing. At this point just need names of respective Judge Advocate briefers from each service who would participate alongside DOD OGC and OSD P&R briefers.
